

papers on Saint Francis and the Franciscans, by Father Pascal Robinson, in this volume sixth, — where could we find a more satisfying account, a more genuine sense of actual contact with that great soul? Why, the picture of the Poverelo, reproduced from Cimabue, is alone worth the price of the volume!

THE MISSIONARY.

## Col. Roosevelt and Uganda Missionaries.

Mgr. Streicher, Vicar Apostolic of Victoria Nyanza, has just written to Mgr. Freri, Director General of the Propagation of the Faith: "We have received the visit of Col. Roosevelt and he has been most kind to us. After visiting the various establishments of the mission, he gave us an informal talk in which he asserted that he had the greatest admiration for Catholic missionaries: 'I love their work', said he, and sincerely wish to help them. Wherever I have met Catholic missionaries, especially French missionaries, I have found in them our best auxiliaries. Let the White Fathers come to the United States and found a house there, I will introduce them to my countrymen. At all events, any White Father visiting the United States will be welcome at my home."

A full account, with illustrations, of Col. Roosevelt's visit to our missions in Uganda will be published in the May "CATHOLIC MISSIONS."
